

SatQuery AI - Analysis Report

Job smoke_1787991783721 | task: single_vqa

Query

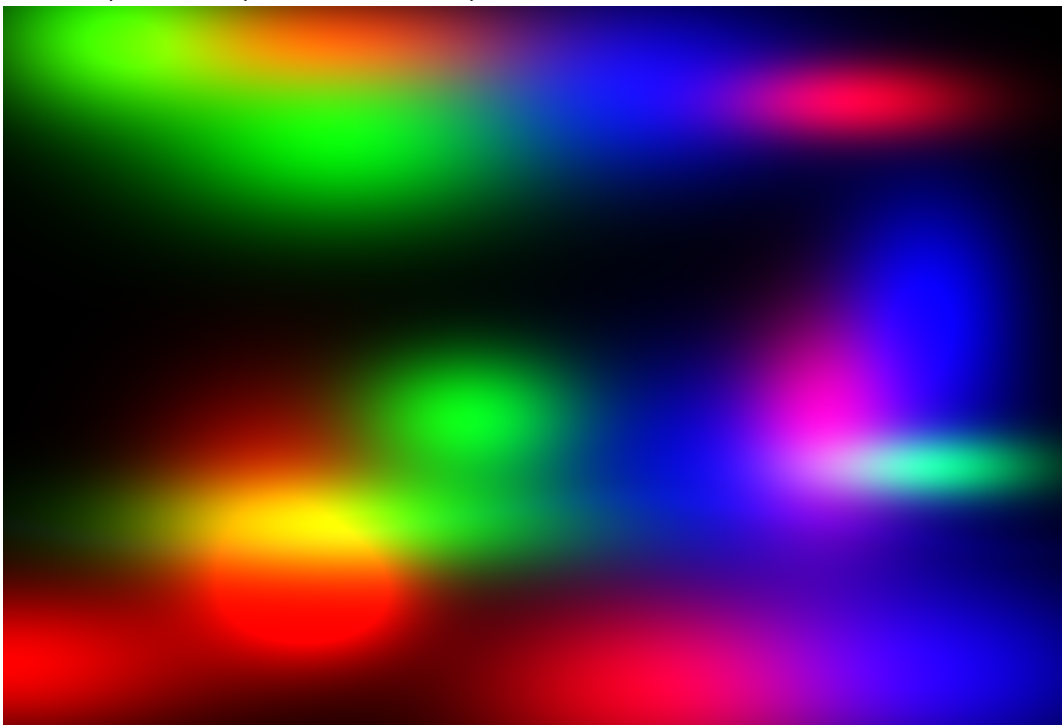

What is the dominant land cover in this remote sensing image?

Answer

In the optical scene, the dominant land-cover signals are developed and agricultural/bare-surface areas, with scattered water-like regions. Relevant to: 'What is the dominant land cover in this remote sensing image?'. [mock output - wired to real specialist once adapters ship]

Confidence

mock — Deterministic placeholder (skeleton/demo mode), not a calibrated score.

Evidence 1: smoke_1787991783721_optical_city.png

Audit trace (evaluated artifact)
